QUESTIONS ASKED SHERIFF ROMERO ABOUT OLD TOWN

Elfrido Baca Charges That Suburban Resorts Are Wide Open and Addresses Open Letter to Officer.

Charging that resorts in Old Albuquerque and other suburban sections are being run wide open and認為ing that they are being protected in various districts of the county, Elfrido Baca, candidate for sheriff of Bernalillo county, yesterday addressed a sensational open letter to Sheriff George, asking if violations of the law cited in the letter were committed with the consent of Mr. Romero, Mr. Baca's letter follows:

Mr. George Romero, Sheriff of Bernalillo County, Old Albuquerque, New Mex.

I desire to call your attention to the fact that on the 1st day of October, 1916, the republican primaries were held in the county of Bernalillo, and also to precinct 13, Old Albuquerque, in the precinct in which you, Mr. Romero, reside. The primaries in your precinct were held from 2 to 4 o'clock in the afternoon, according to the official call.

I have been informed by parties working in the interests of republican success that they went to the following towns: Bernalillo, Inn, Porters, Rio, Central Inn, Gold Star, Golden Eagle, Old Town saloon, giving out votes for said primaries, and that the proprietors of those resorts said to our representatives that on account of the fact that you have been protecting them in running gamblers and having women of prostitution in their respectable places, and that deputy sheriffs have protected the gamblers and the saloonkeepers and the women of prostitution, that under those circumstances they could not vote, for fear they would hurt your good and kind-hearted feelings.

Now, I, from my own personal knowledge, know that during the fair I visited the saloons of Old Town, when you outside, and saw women in every saloon, and that there was gambling in said places, and I noticed three deputies with big stars and big guns around their waists, taking a very active part in helping gamblers to conduct said games and to protect the ladies there and the games to the extent of their power.

It will be ridiculous on your part if you will undertake to claim that you have no knowledge of the above facts, because you ought to know, and I think you do know, that when you qualified for said office you swore to support the constitution of the United States, and to enforce the laws as written. All these saloons that I have mentioned are in your precinct. No 13, right where you live, and there must be something in what these people claim, because if you as sheriff will undertake to do your duty they will never violate any of our statutes.

I also want to call your attention to the fact that I have been informed that looking from the city of Albuquerque to the east side of the county, there are three different places of prostitution where liquor is sold without any license, and that you and your deputies are well informed of the fact. I do not care to give the names because you know who they are, and I want to know what you and your deputies are going to do about it.

Now, in order to do justice to you, I would like to know, sir, whether these violations of law which have been there continuously, and are in full operation at the present time, are performing with your consent, because if we desire to take the proper steps, for the reason that I am satisfied and I know people from Old Albuquerque, I mean decent people, are opposed to this method of running saloons, and if you will protect them as sheriff, the citizens of that town have made up their minds to see whether the law can be enforced at the present time. For that reason, please answer this letter within the next twelve hours.

Very truly yours,

"ELFRIDO BACA."

LAWSON'S GREAT STORY
"FRIDAY, THE 13TH,"
AT PASTIME TODAY

Robert Warick, the popular matinee idol, will return to this city at the Pastime theater today only, when he will be seen in the World Film presentation of "Friday, the Thirteenth," the Tom W. Lawson story which appeared serially in "Everybody's" magazine a few years ago. It will be remembered that when Mr. Lawson was contributing to this magazine, his sales reached the million mark, and was never as popular as when this noted stock broker was a contributor. But of all his stories, "Friday, the Thirteenth," stands out prominently as the most vivid, fascinating and interest-absorbing that has ever written. In the film play, made under the direction of Emile Chautard, William A. Brady and Mr. Lawson collaborated in making it a film masterpiece. It has already created quite a furor wherever shown, and will positively make the biggest hit of the season when shown in this city.
